Re: Consistency Appeal by Weaver's Cove Energy, LLC

Dear Mssrs. Kiely and Carlisle:

On August 27, 2007, Weaver's Cove Energy, LLC (Weaver's Cove) filed an appeal with the Secretary of Commerce (Secretary), pursuant to the Coastal Zone Management Act (CZMA). Weaver's Cove appeals an objection raised by the Commonwealth of Massachusetts, relative to the proposed construction of a liquefied natural gas terminal in Fall River, Massachusetts.

The Secretary is responsible for deciding appeals filed under the CZMA. NOAA's Office of the General Counsel assists the Secretary in carrying out this responsibility and has been delegated certain responsibilities associated with processing consistency appeals, including establishing briefing schedules.

As a threshold matter, it appears that Weaver's Cove did not serve Massachusetts with the consolidated record it filed with the Secretary. If this is correct, Weaver's Cove is ordered to serve Massachusetts with an electronic copy of the consolidated record within five working days of the date of this letter. Weaver's Cove also shall provide Massachusetts with a hard copy of the consolidated record within ten working days, unless Massachusetts waives receipt of a hard copy. Weaver's Cove shall file a certificate of service with this office. The parties are reminded that all submissions must be served on the opposing party as required by 15 C.F.R. § 930.127.

The following briefing schedule will govern this appeal:

September 19, 2007

Massachusetts shall file any objection to the consolidated record submitted by Weaver's Cove. Any objection shall identify specific documents either missing from the record or inappropriate.

included within the record, together with all arguments supporting the objection. Massachusetts shall provide both Weaver's Cove and this office with copies of any additional documents it believes should be included within the consolidated record.

September 26, 2007

Weaver's Cove shall file its principal brief and appendix. In addition to all arguments in support of its appeal, Weaver's Cove shall address: a) any objections to the record raised by Massachusetts; and b) whether this appeal should be consolidated with a federal consistency appeal filed on the same day by Mill River Pipeline, LLC (Mill River).

October 26, 2007

Massachusetts shall file its principal brief, accompanied by any supplemental appendix, if required.

November 15, 2007

Weaver's Cove may file a reply brief, accompanied by any supplemental appendix, if required.

The deadlines listed above will not be continued absent compelling reasons. At the conclusion of this schedule, we will, to the extent necessary: a) resolve any disputes concerning the consolidated record; b) identify any additional information necessary to rule on this appeal; c) decide whether to consolidate the Weaver's Cove appeal with the appeal filed on the same day by Mill River; and d) determine whether to allow supplemental briefs or a hearing.

Parties are directed to briefing and filing requirements contained in regulations published at 15 C.F.R. § 930.127. Questions should be directed in writing to Brett Grosko, NOAA Office of General Counsel for Ocean Services, at brett.grosko@noaa.gov, with a copy to the opposing party.

Sincerely,

A handwritten signature in black ink, appearing to read "Joel La Bissonniere", with a long horizontal flourish extending to the right.

Joel La Bissonniere
NOAA Assistant General
Counsel for Ocean Services
